

Day 1

Day 2

Wings $(1+1+1+1)+(1+1+1+1)+(1+1+1+1)+(1+1+1+1) = +20$

Antenna $-1-1-1-1-1-1 = -6$

Bee Body $x+x-x-x-x+x^2 = x^2-x$

Legs $-1-1-1-1-1-1-1-1 = -8$

Flower $-x^2-x^2-x^2-x^2 = -4x^2$

$$20 - 6 + x^2 - x - 8 - 4x^2$$

$$= -3x^2 - x + 6$$
